Simple TV Launcher is designed for 720p and 1080p screens. Download: Halauncher 7) Sideload Launcher This launcher is pretty similar to Halauncher in that it can load all the background apps that don't appear at home and are not compatible with your Android TV. The user interface is a bit different if you compare it with your regular program. The left side of the launcher is equipped with a scroll wheel that allows you to browse through broad categories like apps, games, internet. You just have to download the launcher to your device. Hopefully now you can make a proper decision to get the best launcher for Android TV Box. It has all the functionality related to customization. A fairly basic app with minimalist designs. All apps are displayed in a single line keeping the minimalist approach. ATV Launcher provides support for custom tiles and you can set custom colors or images for any application or widget. You can customize icons, colors, shades or widgets and backgrounds as you choose. Download: ATV Launcher 5) Simple TV Launcher This is a free and free launcher for Android TV boxes. On the downside, it has a central window where all the app browsing and related things occur, which makes it a bit complicated with not so good user experience. Download: Square Home 3 Launcher 3) TvHome Launcher for people who own Samsung or LG TV running on operating systems like Tizenos or WebOS, then this is a perfect fit for them. them.
